

A new painting has been added to the current exhibit at the City Hall. It is a portrait in water colors by Ted Velasquez of 199 Grove Street, one of the city's promising younger artists. Mr. Velasquez studied with Alfred Dewey and is now studying art in Pasadena.

They publish good weekly papers in the West too. One on my desk this week from Sierra Madre, Calif. Only thing distressing about it, it published the temperatures which ranged from 73 to 99 and that's the kind of weather I like. Maybe I better pack up and go West. —From the Republic-Democrat Rockport, N. Y.

DEAN BODE ADDS TO HYMNS, CHORAL MUSIC PUBLISHED

Rev. Arnold G. H. Bode of 410 W. Montecito, Rector Emeritus of the Church of the Ascension, has been writing some more music. Dean Bode's anthem "Hark, The Sound of Holy Voices," has been sung in the local First Congregational Church.

He has now had three more anthems accepted by Carl Fischer, Inc., New York City, one of the country's leading music publishing houses. The names of the anthems are: "They Shall Beat Their Swords Into Plowshares," "Justice Shall Roll Down As Waters," and "I Will Lift Up Mine Eyes To The Hills." The themes of Dean Bode's anthems are all in keeping with present day conditions. Dean Bode had a fourth anthem published last month by the Summy Co. of Chicago, Ill. It was a Thanksgiving anthem entitled "Oh, That Men Would Praise The Lord."

Burglars Attempt to Loot Don Jackson's Mens Store

The Don Jackson Men's Shop at 18 West Sierra Madre Blvd. became the scene of Sierra Madre's first attempted burglary in its business district for several years Saturday morning at 1:15 A. M. Chief of Police McMillan reported that a hole was gouged in the thick wood panel of the rear door of Mr. Jackson's store. The thieves reached through this hole to unlock two bolts and the night latch after first trying to open the door by removing the outside door knob and plate. An attempt was also made to pry the glass out of the front door. The burglars were surprised by the appearance of a patrol car in the rear of the store bearing Officers H. S. Embree and W. S. Chunn. Apparently one of the burglars threw a chair through the front plate glass window of the store through which they escaped and ran east on Sierra Madre Blvd., without being seen by the officers. The burglars were seen running across Baldwin Ave. by Tanner Cab driver, Leo O. Hoegbroom of East Claremont Avenue, Pasadena, whose attention was attracted by the sound of the breaking window. The suspects are thought to be three young men between the ages of 18 and 20 years of age. When the burglars were surprised by the police they had had \$1,000 worth of sportswear laid out on a showcase ready for removal. Mr. Jackson's loss was estimated at \$132.00 worth of bill-folds, wallets, belts, handkerchiefs, key chains and gloves and \$32.00 in cash. Chief McMillan is continuing his investigation of the burglary.

41st CHRISTMAS SEAL SALE

This year's Christmas Seal depicts a team of oxen drawing a sledload of Christmas trees across a snowy field. This, symbolizes the teamwork that has enabled the American public, working in co-operation with tuberculosis associations throughout the nation, to lower the annual death rate from tuberculosis by more than 80 per cent since the first Christmas Seals were sold here 41 years ago. Locally, funds raised for the traditional Christmas Seal Sale are used not only to fight tuberculosis, but to battle rheumatic fever and heart disease as well. The Los Angeles County Tuberculosis and Health Association not only sponsors community and industrial x-ray programs, but supports tuberculosis testing projects for school children, sends trained health educators to club meetings and school assemblies, distributes thousands of pieces of educational material each month, and supports a number of research programs.

SILVER ANNIVERSARY OF LOCAL BOY SCOUTS SET FOR DECEMBER; JOINED BY HONOR CT.

A gala occasion is anticipated by the Boy Scouts of Sierra Madre, when on December ninth, the silver anniversary of Boy Scouting in this city is to be celebrated. All Boy Scouts of Sierra Madre are to be honored guests at an anniversary dinner to be given at the Congregational Church at 6:15 o'clock Troop 1, the oldest troop in point of organization and sponsored by the Congregational Church, will be the hosts of the evening.

This combined Court and Anniversary Party was officially approved by the Pasadena-San Gabriel Valley Council at its meeting of November 17th, at the home of the District Chairman, Wm. A. Kinney. It is announced that a limited number of dinner tickets will be available for parents and friends of the boys. An outstanding program is to be presented during the after dinner hour.

Civic Club Represented L. A. Banquet

Friday night, Mrs. Charles Kizzo, Chairman of Public Affairs, and Mrs. Joseph Custer, Chairman of Publicity of Sierra Madre Civic Club were invited to attend the opening banquet of the National Foundation of Infantile Paralysis, held at the studio of KFWB in Hollywood through the courtesy of Warner Brothers. After a buffet supper, Mr. Larsen, State head of the Foundation, addressed the gathering and thanked everyone for the wonderful work accomplished in previous years, and outlined something of the year's campaign. The talk was more inspirational than businesslike, and was impressing to witness all the communities in Los Angeles represented. The banquet concluding with an entertaining broadcast.

BREAKS ARM ON CLUB DANCE FLOOR SATURDAY NIGHT

Mrs. Wm. Stoddart suffered a broken arm last Saturday night while dancing at a box social held at the Woman's Club. Reports are that the floor was recently waxed and polished, causing it to be slippery. The accident occurred about 10 P. M., and she was taken to St. Luke Hospital where Dr. Nathan Jacobs set the broken bones.

Jewish Center Introduces Exc. Director

The San Gabriel Valley Jewish center has employed the services of Hyman Hayes as executive director as announced by the center board following its last regular meeting. A reception is to be held November 23, (Sunday evening) at 7 p. m. at the center at Lima and Laurel Avenues, to provide the residents of San Gabriel Valley with the opportunity of meeting informally with Mr. Hayes, and to become acquainted with the center program for the coming year. A buffet supper will be served with dancing and cards following. There is to be no admission charge and all interested individuals and organizations are invited to attend.

This November 23 meeting marks the inauguration of an expanded program in the center under the direction of Mr. Hayes to include a larger group work program with emphasis on youth. A survey of the Jewish community needs of San Gabriel Valley and implement the center's program of better intercultural relationship with the community as a whole.

Although a young man, Mr. Hayes has an exceptionally fine and varied background in this kind of work. He is the former director of B'Nai Brith youth of New York and the New England states; served in the AAF as a navigator and while in the armed forces did recreational work and chaplain counseling. Since his release from active duty by the army he has been engaged in organizational work by the L. A. Jewish community council. Mr. Hayes is also serving as executive director of Bay Cities Community Council and is chairman of J. C. C. Speaker's bureau.

UNTIMELY DEATH COMES TO ROBERT MCKINLEY, THURSDAY

The death of Robert McKinley last Thursday came as a shock to his family and friends, as he had not suffered illness. It occurred while in his automobile in Long Beach, where he conducted his insurance business, which he inherited from his father.

Born in Boise, Idaho, 36 years ago, he was raised and attended school in Sierra Madre until his 11th year. He served with the Seabees during the war and five years ago he returned and has resided at 32 Park. He and his wife Mary Jane have been married 17 years, and have two sons, Michael and Johnny. He is also survived by his mother, Mrs. Pearl McKinley, a sister, Mrs. Margaret Westerman, and a brother, Russell McKinley of Long Beach. The funeral was held Monday in Long Beach and interment was at Sunnyside Cemetery, Long Beach.

a representative to the meeting. As usual Frank Spencer and Francis Eakman have been soliciting donations for this year's float fund. Citizens will save themselves trouble if they will give their donations to Mr. Spencer and Mr. Eakman when they see them on the street.

S. M. Blood Bank Nears Top Donation In Los Angeles Co.; Santa Monica Over By 14

The Blood Bank Report to the local Red Cross Chapter from the Mobile Unit of Los Angeles is most gratifying. The Unit extended the highest praise to the city for nearly topping the list of the Los Angeles area cities most of which greatly surpasses the Sierra Madre population. The Red Star was awarded to this city and the Gold Star to Santa Monica; the contribution here being 180 Santa Monica 194. Other cities reported: Wilmington, 84; Culver City, 78; Huntington Park, 111, and Glendale 130.

CONTINUED PROSPERITY, SAYS BABSON MAN

The Glendora Kiwanis club were guests of the Kiwanis group at their Tuesday noon meeting at the Woman's clubhouse.

Dr. Milton Valois was the program chairman and Frank Spencer introduced Fred Peterson of the Babson Service. Mr. Peterson stated that we are in one of the greatest industrial eras in the history of the country. He also said the country is planning on spending several billions for good road construction. Plans are being made to build a million homes in the next five years with many to be in California. Mr. Peterson advised members not to sell their stock for 6 months or even a year. It will be at least two years before we can tell an auto dealer what color car we desire and steel will be used in many capacities for several years. The 1946 savings increased 17 billion an increase of 50 per cent. Mr. Peterson thinks Southern California will enjoy continued prosperity. He ended his talk by saying there are more people in the U. S. 18 years of age with a \$100 or more a month than people 68 years old. He also advised members to buy good bonds. William Wilcox was a guest of the local club at this meeting.

Mrs. May Wright associate chairman states the reports of blood types and RH factor have been received and the executive secretary, Mrs. Florence Peterson is in the process of mailing them to individuals.

Dr. John Wochler, chairman, is pleased beyond words with the distinction brought to Sierra Madre.

Another gratification little stressed is the financial aid which donors are giving. A pint of blood costs \$25 (if you can buy it) and the amount sent from Sierra Madre in round figures was valued at \$3000. Practically all of the local donation went to Birmingham Hospital.

NURSERY SCHOOL MANUALS PRESENTED AT RECENT MEETING

Many interested parents and educators attended the monthly meeting of the Community Nursery School in the Public School Library Tuesday evening. Dr. Nathan Jacobs spoke on "The Community's Responsibility for Child Health." The newly published manual made its appearance. It is a publication edited by Mrs. Marjorie Green of the local Nursery School and Dr. Elizabeth Woods of the Los Angeles City Schools.

the guest speaker. Col. Thurber was recently appointed to form a brigade of National Guard Reserve within the area of the 40th Infantry Division, California National Guard.

Lloyd Welch is the chairman of the program and a large attendance is expected. Much interest is being shown in the organization of a guard unit and the construction of an armory in this city.

Incinerator Problem Held Over to Feb.

Mayor Milton Steinberger attended a meeting this past week at the Monrovia City Hall to hear plans for the solution of the city incinerator problem. Councilman Schiltz and Engineer Hurley accompanied Mayor Steinberger.

No definite decisions were made at this meeting. Supervisor William Smith was present and discussed county financial aid. Another meeting will be held in three months to continue with the incinerator problem.

County-wide Program

To representatives of Monrovia, El Monte, Whittier, Sierra Madre, Arcadia and West Covina who met recently with Supervisor Smith to discuss the problem Thursday, he said, "Smaller communities would be smart, in my estimation, to make no definite move at this time to expend funds for a local incinerator. This is a county-wide program and it eventually will be solved on that basis. Frankly I don't believe any one city can support such a venture. Therefore it will be wiser to work in conjunction with the overall picture."

Supervisor Smith said in his opinion the incinerator is the answer to a large part of the smog problem here but again thorough investigation will be needed to eliminate all smog sources according to Supervisor Smith.

Smaller cities of the county should lay aside immediate plans for the construction of incinerators and wait until the County Board of Supervisors are able to investigate all angles of the problem and see what can be worked out for the advantage of all.

Excellent Attendance Gratifying

Six Sierra Madre men applied for enlistment into the Sierra Madre Cannon Company No. 443 California National Guard at the first meeting of the unit Monday evening at the City Hall dugout.

Capt. Stanford Ullman of the California National Guard presided at the meeting. He was introduced by Don Jackson, chairman of the National Guard Armory Committee.

The first six members of the unit are: Carl W. Cullum of 133 Esperanza, a member of the 184th Infantry, 77th Division, US Army during the war; Charles R. Abella, 345 Foothill Avenue; John S. Shearer, 73 Esperanza, who served with Staff, Comdr, Amphibious Group 13, Pacific Fleet, Intelligence Section, U. S. Navy from 1942-1946; James R. McBride, 476 Sturtevant Drive, who served in Japan with the U. S. Army; and Bradford B. Cushing, 265 N. Mountain Trail, who was an AAF flying cadet from 1943 to 1945; Roy E. Griffin, Jr., 715 E. Grandview, who was a member of the Iowa National Guard in 1934. Mr. Griffin joined the California National Guard in 1935 and served until 1937 and rejoined again in 1940 and went through the war in the European campaign.

Capt. Ullman stressed the pay which is \$2.50 for a private and up to \$5.50 for a master sergeant for two hours one evening a week. He also reiterated the importance of the bill now before Congress for Universal Military Training which is expected to pass. The National Guard makes it possible for a young man to take his training at home if this bill passes.

Mr. Jackson said a two-story Navy barracks will be moved onto the city water plant site as temporary barracks. It will be renovated and all work will be done by local contractors under bids.

The upstairs floors will be used for offices and the downstairs section will be a hall which will be rented at a nominal fee for social affairs. Mr. Jackson also said interviewing has been going on for the position of National Guard Caretaker. The position will pay an average of \$250 a month, including National Guard training pay.

December 8th the unit will be inspected and recognized by the National Government. The meetings are to be held every Monday evening from 8 to 10 p. m. at the City Hall dugout and men between the ages of 17 and 35 and up to 44 with previous military experience are urged to enlist. They may contact Mr. Jackson, Custer 5-6200 or Capt. Ullman, Custer 5-8627 for recruiting information.

LONG ILLNESS ENDS LIFE OF 30 YEAR SIERRA MADREAN

Frank J. Bergien passed away at the General Hospital, Los Angeles, after a long illness. Born in Wisconsin in 1884, he had been a resident of Sierra Madre for over 30 years, and was one of the first families at St. Rita Parish. He lived with his wife, Alice, at 46 Victoria Lane, and until his infirmity, was a painter.

He is also survived by three sisters, Sister M. Oswald, OFM, Mrs. Arno Amel, and Mrs. Katie Kriester, of Wisconsin, and two brothers, Joseph J. and Oswald A. Bergien of Sierra Madre.

Recitation of the Rosary was Monday evening, in Pasadena, and Requiem Mass was held Tuesday morning at St. Rita's Church. Interment was in Calvary Cemetery.

GIRL SCOUTS ATTEND PASADENA PLAY HOUSE

Eighteen members of Girl Scout Troop 4, headed by Mrs. John Counzelman, enjoyed the Kimbrough-Skinner play "Our Hearts Were Young and Gay," at the Pasadena Playhouse last Friday night. They were also accompanied by Mr. and Mrs. Edward Halperin who assisted in driving the girls to Pasadena.

This troop is taking a course in Interior Decoration from Doris Suman, in her home, 332 Sturtevant Drive.

MODEL AIRPLANE CLUB APPEALS FOR FLYING FIELD

The monthly Recreation Commission meeting which was to have been held last Thursday night at the City Hall, was canceled because two of its members, Rev. Carl Smith and Don Jackson, were ill. However, Mrs. J. S. Miller, Harold Drury and Sam McElfresh conferred with a group of model airplane enthusiasts, headed by Robert Leonard. About twenty of these boys have been organizing and are in need of some sort of field here in Sierra Madre on which to fly their planes. Plans are being discussed by the Recreation Commission and Mayor Steinberger, and by tonight's meeting, some sort of decision will have been reached.

Lee Shippey was present at the gathering and spoke to the boys' of his sons and their interest in model airplanes, and that he thought this an excellent project.

VFW AUXILIARY ATTEND ALHAMBRA INSTRUCTION MEET

The Veterans of Foreign Wars Auxiliary held their meeting last Wednesday night at the home of Mrs. Greta Patterson, 88 North Auburn. They discussed attending a district meeting in Alhambra the following Tuesday. These meetings are held every three months at the different posts, and include a dinner and a school of instruction on running a VFW Auxiliary. Because of Thanksgiving, the meeting of that week will be held Tuesday, November 25.

NAMUR RITES AT GRANT CHAPEL MONDAY MORNING

Karl Harry Namur, resident of Sierra Madre for 16 years, passed away Friday, at the Lutheran Hospital, Pasadena, where he had been since the previous Wednesday, after a short illness.

Mr. Namur was born in Sigourney, Iowa, January 25, 1890. Since moving to Sierra Madre, he has resided with his sister, Henrietta T. Namur, 41 West Mira Monte, his sole survivor. Until his illness, he was an inspector at the South Gate branch of General Motors, and was affiliated with the UAW, Local 216.

Services were held Monday, at the Grant Chapel, with Rev. Harley G. Smith officiating. There will be a private committal at the Pasadena Mausoleum.

WED IN LAS VEGAS COUPLE LIVE IN WEST ARCADIA

Announcement has been made of the marriage of Virginia Liscomb, daughter of Mr. and Mrs. Andrew Liscomb of 51 W. Laurel to Ernest Hayes of West Arcadia. The wedding took place Friday evening, November 14 at Las Vegas, Nevada.

Mrs. Hayes attended local schools and is employed by the Royal Drug Store. Mr. Hayes is employed by the Supreme Dairy Co. The couple plan to make their home in West Arcadia.

CAMP FIRE AND BLUEBIRDS BUSY WITH PROJECTS

The "Ta Wan Ka" group of the Camp Fire Girls, led by Mrs. James Gentry, and her assistants, Mrs. Sylvia Thomas and Mrs. Lela George, met at the Youth Hut last Tuesday. When they arrived for their meeting they found things in shambles. Kitchen utensils were strewn about the yard and things were in such a state that meeting time was used to clean and restore things to order. It seems that the last group to use the Hut neglected to lock the door, and it is believed some malicious children entered and caused the damage.

BLUEBIRDS

The seven-year-old Bluebirds, a section of the Campfire Girls under the supervision of Mrs. Everett Carver and assistant, Mrs. Morris Goldberg, met at the School Cafeteria last Wednesday. They made plans for a tea for the mothers to be given at the home of Mrs. Goldberg at the next meeting, and they worked on the invitations and songs for entertainment.

Two Bluebird groups, the eight-year-olds, headed by Mrs. A. M. Patterson and the nine-year-olds under Mrs. Murray Latson, their regular leader, Mrs. Edward Cook, was ill, met at the Park House last week. By previous arrangement with Mr. Lauber, Park Superintendent, (who had the Park House grapes cleaned), the girls worked like beavers washing the dirty windows.

Pumpkin Pie

1/4 cup brown sugar 1/4 teaspoon cloves
1/2 cup flour 1/2 cup cooked or
1/2 teaspoon salt 1/2 cup canned pumpkin
1/2 cup molasses 1/2 cup Pet Milk
1/2 cup nutmeg 1/2 cup slightly beaten
1/2 cup ginger 2 tablespoons dark
molasses

Turn on oven; set at very hot (450° F.). Mix together brown sugar, flour, salt, cinnamon, nutmeg, ginger and cloves. Add remaining ingredients; stir until smooth. Pour into deep 9-in. pie pan lined with unbaked pastry. Bake 15 min., then reduce heat to slow (325° F.) and bake 40 min., or until firm.

Note: 2 1/4 teasp. pumpkin pie spice can replace the above spices.

For Sweet Potato Pie, substitute for the pumpkin, freshly cooked or canned sweet potatoes or yams, put through a sieve; reduce brown sugar to 1/2 cup, omit molasses and add 2 teasp. melted butter or margarine.

For Squash Pie, follow recipe for Pumpkin Pie, substituting cooked winter squash, thoroughly mashed, for the pumpkin.

Doing a Solo?

Spotlights are fine in theaters for lighting the star's performance. But at home an island of light is hard on the eyes.

For reading, writing, sewing or for any other home activity, it is far more advisable to have some light throughout the room. It eliminates that unpleasant look of pools of light in otherwise dark surroundings. And it eases the eyestrain that comes from frequent shifting between light and darkness.

Make it a practice to have at least one other light burning in the room.

Consult your Edison office for advice on proper lighting. Edison home lighting advisory service is yours without cost.

ARTS GUILD TOLD OF MANY RESIDENT MUSICIANS AND WRITERS WORKING HERE

The Arts Guild held an open meeting for the public on Friday evening at the Old Brick Oven in Windsor Lane, with Edward Lloyd Voorhees as speaker on the topic "Review of Art Week in Sierra Madre and Some After Thoughts," followed by discussion from the audience. The speaker, after recounting briefly the events, excitement and credits of National Art Week pointed out distinctions between art and science, showing that each in many instances needs help from the other; that a painter of landscapes, for instance, must have a knowledge of the laws of perspective—a science; and that the science of photography can be used to good advantage in the artist's sense of grouping, color harmonies, and "composition" to make a good picture. While all works of science, however, are based upon exact knowledge and fixed laws, works of art are the subjective expression of individuality in the artist, bound up with his intuitions and the ultimate mystery of human personality—which makes for "originality" in the product and makes each product a unique creation. He also pointed out that whereas the general purpose and effect of works of art is to give pleasure and add to man's happiness, scientific inventions have brought to mankind, in addition to countless blessings, such conspicuous and horrendous instruments of human destruction as poison gas, biological warfare, the super-bomber—by means of which, to quote a recent observation, "A sixteen-year-old boy by pressing a button can destroy a great cathedral"—and finally the atomic bomb, which may write "Finality" to all art, science, and civilization itself.

The speaker then recited what he termed "the Sierra Madre Roll of Honor"—which he said he suspected was incomplete, but the best he could do on short notice—containing the names of persons living in or on the borders of this city who practice other arts than those celebrated by the recent National Art Week. In music, he mentioned Mrs. George Morgridge and Mrs. Grace McCarty as teachers who inspire and develop interpretive artists in piano and voice, respectively; and Dean Arnold Bode, distinguished organist and nationally known composer of sacred music. In drama, he cited Mrs. J. Milton Steinberger, who as Virginia Timberlake distinguished herself as an actress of quality in serious drama and high comedy before retiring to private life, where she continues her interest by instruction

and home-talent production for the townspeople. For outstanding photography—"an exact science which is also an art"—Elmer Weese, Richard McGraw, Joe Hinojos, Mae De Wright, and R. C. Lewis were cited for their outstanding work in black-and-white and color photography.

Of writers, professional and amateur, Sierra Madre can show almost as many as she has practitioners in the graphic arts. Among those cited were the three Addises—father, mother, and son; Captain Ansell O'Banion, author, with Carl Glick, of "Double Ten"; Matthew Biller, poet, balladist, and novelist; Charles Bratton, poet and prose writer; M. L. Baker, religious verse and prose; Seawell Clark, factual articles and "short-shorts"; Marjorie Barter, reporter and feature writer; Frances Crane, formerly foreign correspondent of The New Yorker, and now author of mystery novels; Alice Floyd, sketches and verse; Robert Foote, dramatic critic and book reviewer of the Pasadena Star News, and feature writer of the New York (Sunday) Times; John Russell McCarthy, prose writer and poet whose works appear widely in periodicals and newspapers and several books, and who is "a delightful and stimulating teacher of the art of writing"; Robert McCullough, stories and ballads of "the Rimrock people"; Florence Eakman, lyric poems and children's stories; Zoe Colt, character sketches, stories of psychological interest; Lee Shippey, well-known columnist, novelist, and historian of California; Don Pope, prose fiction; the Ware brothers, Leon and Harlan, both frequent contributors to nationally circulated magazines, the latter's stories having been used for a half-dozen or more motion picture films; Leslie B. Wynne, book reviewer for the Star News, poet, editor of "High Lights," and "writer of philosophic prose of significant meaning and rhythmic beauty."

A general discussion followed the talk, and the meeting closed with an interesting and informative description by Mr. Frank Van West of the various techniques and tests employed in his general work of restoring old masters.

NEW RESIDENCE TRACT OPENS IN FOOTHILLS

A choice portion of one of early California's famous ranches has been subdivided and developed as an exclusive residential tract by Charles B. Hopper Associates of San Marino and is being placed on the market by them this week.

It is an oak dotted section of the Bradbury ranch on Wild Rose avenue just east of Foothill boulevard between Monrovia and Duarte. It is adjacent to the foothills and offers a picturesque view of rugged Sierra Madre mountains. The property was acquired by the developers some time ago.

The property is named "Wild Rose Estates" because of its locale. Restrictions both structural and racial have been carefully prepared to safeguard the future of this residential community which now is surrounded by large and imposing estates. It is close to stores, schools, amusements and churches.

CUB SCOUTS MAKE READY FOR XMAS.

The Cub Scouts who met at the home of Mrs. Stewart Matter, 501 Mariposa, last Tuesday, enjoyed working on their Christmas tree decoration project, and playing games. Refreshments made by Mrs. Matter, were also served.

Another meeting of the Cub Scouts, with Mrs. W. C. Roberts, 145 East Grandview, as their leader, met Wednesday, and finished their Christmas gifts and experimented making pottery.

Big Pipe To Texas Brings Natural Gas

When Lieutenant Governor Goodwin Knight opened a great 26-inch valve at the western terminus of the "Biggest Inch" pipeline in Santa Fe Springs Thursday afternoon, letting natural gas from the oil fields of west Texas pour into the distribution systems of Southern California gas companies, the vast natural resources of the Lone Star state became linked with those of California for the first time, an event of great importance to the future comfort and prosperity of the 4½ million citizens of Southern California.

The ceremony at Santa Fe Springs, celebrated the completion of the major portion of the 1200-mile Texas-California pipeline, built at a cost of \$70,000,000 by the El Paso Natural Gas Company, Southern California Gas Company and Southern Counties Gas Company. The project, when completed next year, will represent one of the largest and most difficult undertakings in the history of pipeline construction. The pipeline will be surpassed in length only by the 24-inch "Big Inch" and the 20-inch "Little Big Inch," installed during the war to transport oil from Texas and Louisiana to the Eastern Seaboard, while the 30-inch link from Blythe to Santa Fe Springs is the largest high test pipe ever fabricated and laid. The pipeline is the first major pipeline of any kind to come into California from out of state.

The Southern California Gas Company and the Southern Counties Gas Company have been the principal distributing companies in Southern California for many years, having developed a highly integrated system of natural gas pipelines which tap all the main sources of supply in California. These two companies together serve in the neighborhood of 1,250,000 meters, and the combined systems represent the largest natural gas enterprise in the world.

FIRST TEXAS GAS IS HERE

1,204-MILE TEXAS PIPELINE CROSSES THE COLORADO RIVER WITH 1,020-FT. SPAN — ARIZONA BORDER TO BLYTHE, CALIFORNIA

70-Million Dollar "Biggest-Inch" Pipeline Assures Additional Supply of Low-Cost Gas For Southern California to Grow on!

LOS ANGELES, Nov. 13—The flip of a small lever officially turned on Texas Gas here today.

One of the world's great gas-transmission lines is now in operation. The event was officially celebrated here this afternoon in recognition of the vital and continuing importance of Natural Gas to this area.

The "Biggest-Inch" will ultimately deliver a flow of energy daily—equal to 6-times the output of Hoover Dam. It is Southern California's \$70,000,000 natural gas "Insurance Policy" for the future.

Southern California's own mushroom growth has made

MORE IN A BIG WAY! More Southern Californians use more and more gas (and every year they're becoming "more" by hundreds of thousands...). The first Texas Gas is already here—more is on the way. Initial deliveries of 50,000,000 cu. ft. of gas daily—will increase to 75-million cu. ft. by Dec. 1—to 475-million cu. ft. by January, —and to 305-million cu. ft. by the end of 1949. At maximum flow, the weight of the gas delivered daily will amount to 15,250,000 lbs., the energy equivalent of 189 carloads of coal, or 51,000 barrels of oil. Thirteen compressor stations, totalling 148,000 H. P., boost it the entire length of the line in 80 hours under pressures as high as 807 lbs. per sq. in.—crossing ten rivers, hundreds of miles of desert and rocky mountain terrain.

It necessary to look beyond the generous resources of California itself for the additional supplies of gas needed. The challenge of rapid expansion is met by this great Pipeline reaching 1204 miles from Texas to California.

A more plentiful supply of low-cost natural gas is on its way.

PERMITS REQUIRED TO KILL FOWL OR RABBITS FOR SALE

With the holiday season approaching, Dr. Bert G. Gribble, Monrovia district health officer, is advising that backyard poultrymen as well as larger dealers must obtain permits from the Los Angeles county health department if three or more fowls per day are slaughtered for the purpose of sale. These permits are not granted until certain sanitary provisions and safeguards are installed, the health officer said. These regulations apply to rabbits as well as turkeys, chickens and other barnyard fowl. Permits can be obtained by contacting the local health center.

Gaylord Memorial Service Sunday In Claremont Church

A memorial service will be held in the Claremont Community Church Sunday at three o'clock in the afternoon for the late Mrs. Edward D. Gaylord. Mrs. Gaylord, wife of Dr. Gaylord, retired clergyman, passed away in her sleep November 9th while on a visit in Riverside. Funeral services were held at the home in Claremont last Wednesday.

Mrs. Gaylord spent an active life in church and community interests and was a leader in Youth Groups. She was a great assistant to her husband, a former superintendent of Southern California Congregational Conference.

Surviving are sons, Edward H. Gaylord of Los Angeles, Rev. Donald F. Gaylord of Martinez, Calif., and daughters: Mrs. Kenneth M. Bush and Mrs. Robert A. Bettencourt of this city.

PILLSBURY FUNERAL HELD YESTERDAY AT GRANT CHAPEL

Mrs. Rose Violet (Leighton) Pillsbury, 84, died Monday evening at her home at 122 N. Baldwin Avenue. She had resided in Sierra Madre for the past six years.

Mrs. Pillsbury was born at Webster Plantation, Aroostock County, Maine. She is survived by a son, A. C. Pillsbury and a daughter, Mrs. Ruth P. Baldwin both of Los Angeles.

Private services were held yesterday at 11 a. m. at the Grant Chapel. The Christian Science service was read and ashes were placed in Mount View Cemetery, Altadena.

COLLEGE WOMEN JOIN PAN-HELLENIC GROUP

Mrs. Kay Smith, 220 North Sunnyside and Mrs. Donald Kelley, 206 North Auburn are new members of the Monrovia Area Panhellenic Group, and attended a meeting in honor of the new members at the home of Mrs. W. W. Bacon in Duarte. Hostesses for the occasion were Delta Gamma Delta and Chi Omega. The ladies are anxious to contact other sorority women in Sierra Madre who would be interested in joining this organization.

EDISON COMPANY CYCLE CHANGE

With March scheduled as the tentative time for the Southern California Edison Company to begin supplying 60-cycle current to this area, the Company's plans for the changeover are progressing satisfactorily, district manager, L. E. Jenkins, reports.

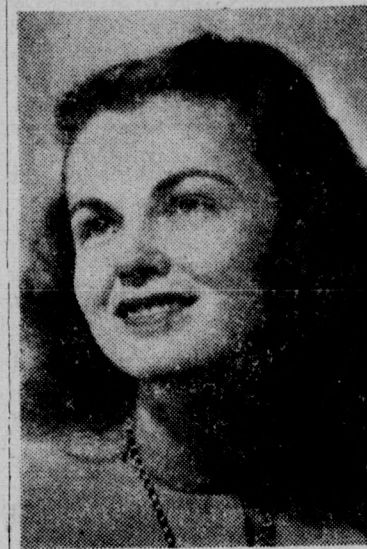

Meter crews are now working here, replacing 50-cycle meters with 60-cycle ones, in preparation for the actual changeover, Jenkins said, but he emphasized that the meter is merely a device to record the current and does not change the frequency.

Before the current here is changed to 60-cycles, the equipment owned by Edison customers will be examined to determine whether any changes are required for 60-cycle operation, the survey results will be analyzed and tabulated, and arrangements made for whatever adjustments are necessary in customers' equipment. A few changes will be made in industrial, commercial and agricultural equipment long before the current is changed, Jenkins said, but domestic appliances will not be adjusted until a few days before or after the service here is changed to 60 cycles.

Changes required in customers' equipment for operation at the new frequency will be made at Edison's expense by contractors engaged by the Company to do such work throughout its entire 60-cycle system, which serves nearly 700,000 customers.

By MAXINE BALLING

IT WAS A TERRIBLE THOUGHT... Monday we caught ourselves almost wishing that customers would come into the Balling Baby Shop. We were opening up another shipment of TOYS! We were having the time of our second childhood. I'll swear that Mildred Edwards was talking baby talk when she was arranging that tiny doll furniture. There's everything for little doll house living rooms, dining rooms and bedrooms.

PERSONALLY I devoted most of my time to the little wooden trains. When I thought no one was looking I would WHOOOO WHOOO WHO-WHO clear up the counter, and CHOO CHOO all the way back. But I was caught. And worse, I was visited by one of my playmates that streamlined trains don't go WHO WHO or CHOO CHOO at all. They go BEEMP BEEMP and BUBBLEDY-BUBBLEDY. Anyway kids, these trains are something we haven't seen since 'way before the war, for they're made by the Czechoslovakian people, and they do perfectly beautiful work. These little trains are made of very hard wood, and they come apart, not only do the cars come apart from each other, but the engine, for example, comes all apart, and is put back together with little wooden pegs. If you have a little tinkering who always is taking things apart, this is a "Super Deluxe" I'd like to keep, but if you twist my arm I'll let it go for 7.95.

AND THOSE LITTLE RED WAGONS! For one-year-olds, all metal, with rubber tires, good and strong. 2.95. I tried one, but alas, they don't fit me anymore, so I went back to my trains.

KIM OF CALIFORNIA has designed the cutest corduroy dress for girls. It has draw strings at the waist, neck, and even the pockets. When you wash or clean it you can hang it out straight. Coper blue, sizes 3 to 6 and 7 to 14. \$8.95.

OTHER NEW ARRIVALS THIS WEEK: 1847 Rogers "First Love" fork and spoon sets, 1.95. . . pink and blue felt slippers with fur and zippers, 2.50. . . red and blue bunny slippers, 1.95. . . lots of new socks, solid colors, sizes 6 to 8 1/2, 49c.

BY NOW have I given you the general idea that we have about anything you can think of for children for Christmas, at the BALLING BABY SHOP? 401 1/2 South Myrtle Avenue, Monrovia 5881.

Exclusive Homesites Moderately Priced

Here is your opportunity — superbly improved homesites in a secluded tract, surrounded by fine lavish estates — at prices far below the market for comparable property elsewhere.

Such low prices are possible NOW only because it is self-owned (part of the famous Bradbury Estate); because we are improving it ourselves and because we are selling it ourselves. You pay no "speculator's profit" when you buy in "Wild Rose Estates."

Beauty—nestled close to the foothills, each site has a majestic view of the rugged Sierra Madre mountains.

Availability—there are only 38 homesites in Wild Rose Estates. See them today. Make your selection.

Convenience—shopping centers, churches, schools and amusements are quickly accessible.

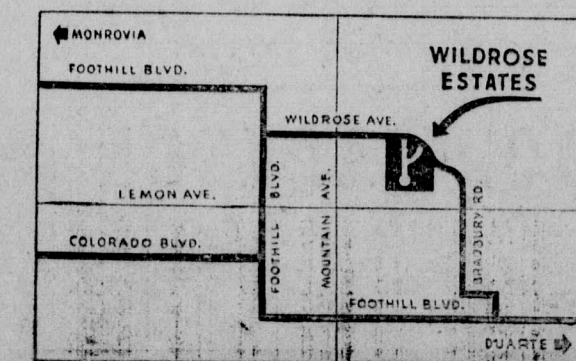

Large Sites—each is oversize, some with century old oaks.

FINE Improvements—wide paved drives with concrete gutters and curbs.

Restrictions—racial and architectural provisions safeguard your home here.

SOIL—trees, shrubs and flowers thrive abundantly in the rich fertile well drained soil.

FIRE FLAMES

Because good fortune and the alertness of our young men of the town (who are ever fire conscious) were with us, two fire calls during the recent windy weather caused but little damage. These fires have probably done more good than harm, as they proved and were convincing that all we preach thru the fire department is true and possible. It should convince folks that a simmering fire allowed to go thru the night unextinguished is a hazard of the worst sort. There are those who continue to be thoughtless and careless about this particular habit. A fire that cannot even be seen, will burst forth into flame when a wind such as we experienced the past few days ago, comes along. (And they will come along.) On two different occasions, fires were immediately put out before they were allowed to reach dangerous proportions. A fire in the Canyon district was soon quenched by a garden hose when Johnnie Wolcott and the tenant got busy. We are once more shown the value of a fire water at the early stages of a fire. The firemen are very grateful to those who are cool and calm enough to hold the fire and keep it from becoming large. On another occasion, when a very poorly screened incinerator was ignited in the midst of the worst wind we have had this year and spread fire to a neighboring yard that was not too clean of rubbish, young Loren Jones of North Baldwin showed his ability and fire consciousness by laying a line of garden hose to reach the fire.

He sure had it well under control upon the arrival of the firemen. Three fire calls with but little damage is something to be proud of, but also something alarming. If any of these had occurred at the hours of night when folks sleep soundly, any one of them could have been tragic. A little baby slept in one of the houses that was afire, the fire in the business district was headed for wooden buildings that could have spread far, and the other was a burning pile of trash that had been allowed to simmer until the wind flared into blaze. Our own Charlie Brown (who conscientiously sleeps at the fire station) was soon on the job and put this one out. We MUST fully realize the danger of simmering fires and poor incinerators. Who knows when a wind is coming? Wind is one of the firemen's worst enemies. Small fires may go for hours or days unnoticed and be harmless. Then suddenly a gale moves in and the slow burning trash, leaves, or whatever it may be, will burst into flame. The wind may whirl and the embers are carried to other districts and eventually a fire starts. To be careful with unattended fires is an urgent appeal from the firemen. When a wind appears or comes along, that is the time to take a trip to wherever we have been burning, be it an incinerator, in a hole, or whatever and make a double assurance that there is NO FIRE THERE. "Where there is smoke there is fire." Please read and abide.

If a fire was to get a head start in the midst of one of those winds such as we had last week, one house after another would be in danger of being burned down. FIRE IN A WIND is not a cinch to handle. We can't repeat too often about this. Let's repeat. A simmering fire will eventually "take off" in the

wind. Because of the regular repetition, we are hoping that all have by this time absorbed the idea. In just a few words, we might say, as firemen, that all of us are very grateful for the wonderful assistance of those who are already fire minded. Let's stay that way.

A regular drill and meeting last Friday evening. Tickets to be sold for the forthcoming Firemen's Dance and Card Party were distributed among those present. Ticket salesmen of the department will be at your doors from now until Party time. It is not easy to tramp around from door to door, especially some of us "elderly" gents. Profits derived from the sale of these tickets is used for charitable activities of the firemen and it cannot be used for any other purpose. The firemen get much pleasure out of building up this fund and this annual affair has been instrumental in keeping the Volunteer Fire Department together. Even tho there is not the need for this support in any comparison to what has been needed in the past, the firemen are anxious to build their Charity Fund for the future. When a fireman comes to your door to sell a ticket, you will remember that he is loyal to his fire department regardless of how much he dislikes to sell tickets. (And who in the world enjoys it?) And you can bet your life, he will do his utmost to keep the FIRES OUT.

PLAYHOUSE

Every famous person was once a small acorn with oaken ideas and Ruth Gordon's comedy "Year Ago", slated for Pasadena Playhouse stage from Nov. 26 to Dec. 14 in its Pacific Coast premiere, outlines the early years of this now-famous playwright-actress.

As in her popular "Over 21" Miss Gordon packs her script with laugh-making sequences and "Years Ago" rated a long run plus "Ten Best" rating with Burns Mantle. Fourth and final week of "Our Hearts Were Young and Gay" ends Sunday, November 23, at Pasadena.

EASTSIDE - WESTSIDE FEUD TO REACH CLIMAX IN ANNUAL FOOTBALL TOURNEY

The Annual "Touch Tackle" Football game will be played December 7, 1947, at the Woodrow Wilson Junior High School. This is the football classic between the east side of Sierra Madre and the west side. It has been played every year with the exception of the war years, since 1931. The dividing street is Baldwin Avenue.

The manager of the east side will be "Tiny" Scalzo and Joe Grippi will manage the west side. All interested personnel between the ages of 16 and 60 are asked to contact one of the above mentioned men for further information.

Last year's game was played before 250 spectators and was won by the east side, 13-6, when in the final moments Hugo De Groot, brother of the Los Angeles Rams' professional football team coach, Dud De Groot, pitched a 25 yard pass to Sam Schwartz for a touchdown. In the series which is now 16 years old the west side has never won a game but this year due to the moving of several valuable players from the east side Grippi holds high hopes for victory. Danny Parker will be the referee.

All who are interested are asked to turn out. There is no admission and a good game will be played by the local boys.

Mr. and Mrs. Eugene Englar have moved to Altadena to be near Mr. Englar's mother. They lived at 53 East Laurel.

Daisy Vorlirs Greese, 525 W. Montecito, was hostess to Belle Caley Barker, of Sierra Madre, and Lorene Wolfe Adwell and Mr. and Mrs. David Patton, of Pasadena, at a dinner, recently.

Mr. and Mrs. William A. Vinzel, 187 West Montecito, are newcomers to Sierra Madre, having moved here last week from Los Angeles, where Mr. Vinzel's business is located.

Mr. and Mrs. George Geller have sold their home on East Montecito and moved into Los Angeles.

The Elmer Tamberts of 406 East Highland, having sold their home are now living at Crestline, Calif.

WEEKES FUNERAL PASADENA TUESDAY

The many friends in Sierra Madre, of Mrs. Mildred King Weekes, were shocked to learn of her sudden passing, Saturday morning at the Huntington Hospital, Pasadena. Wife of the late Charles W. Weekes, she lived at 161 East Grandview since 1936. For the past four months, she had been a companion to Mrs. J. Herbert Hall, 451 Ford Place, Pasadena.

Mrs. Weekes is a native of Lamar, Kansas, and came to California 37 years ago. She is survived by a daughter, Mrs. Phillip Dorn of Altadena, and two sisters, Mrs. Charles Conner, and Mrs. Leonard Hazlett, and a brother, Dean Casey, all of Kansas.

The funeral was held Tuesday in Pasadena, and was conducted by Dr. Harold C. Case. Interment was at the Live Oak Cemetery, Pasadena.

ALA ACTIVITIES

On account of Thanksgiving falling on Thursday the 27th, meeting night, the session will be postponed and the next regular meeting held at the home of Mrs. Lloyd Welch, 51 North Baldwin Avenue, on Thursday night, December 11th, at 8 o'clock. Hospital chairman Francis Brain, Co-Chairman Gloria Noel, and Secretary Leila Embree, journeyed to San Fernando hospital Armistice day to decorate the 28 tables in the dining room; center-pieces were pyramids of fruit and crystallized grapes. They were assisted by the Post-office Unit of Pasadena.

The Thursday night meeting held at the home of Edna Fallier, was spent in assembling gifts for Christmas distribution at the San Fernando hospital. The District has set aside \$3000 to be used for Daddy gifts this year at Christmas; all orphan and half orphan children, of Veterans, living in Sierra Madre will be remembered; names may be given to child welfare chairman, Lucille Pickett. The Americanism committee have picked the name for the Essay contest for 4-5-6 grades. The title will be "The American Flag and what it means to me". National Convention picked the title for the 7-8-9 Jr. and 10-11-12 Sr. grades: "Our Great American Heritage, Liberty." The rules have been changed to write in long hand not type.

"Another City"

(Heb. 11:10)

BY M. L. BAKER, LL. B.

"... science, falsely so called."

(1 Tim. 6:20)

The Lighter of Lamps

Of all who hold an undeserved place of honor, reputation and esteem there is none does more so than Science, falsely so called. Appearances would not have it so. That I know.

From the appearance of things a lighter of lamps is he. Bravely he plods the shadowed way lighting little lamps. As evil winds snuff them out he lights them again and again, and again, Resolute down the ages he marches, torch in hand, towards that great day dawning when all the earth will be a blaze of glory, lighted by the little lamps that Science lit.

But Truth has another tale to tell and in negation suffering shakes its sorrowed head.

Mankind has indeed walked this earth upon a darkened way. But Truth has ever sought him too and in the ensuing conflict Science has always served most sinister powers.

When there was let loose in Europe that flood of cruel and gross experimentation upon mankind; when human beings were frozen and thawed and frozen without mercy; their bloodstreams pumped with substances poisonous, caustic and unknown; encased alive in jet-propelled bombs; their naked, agonized, living bodies sand-blasted until their eyes, their skin, their flesh was peeled away, these deeds were committed, not by madmen, but suave and polished gentlemen of Science! Leading lights of the medical profession! Renowned professors of renowned universities! Great men of science, my friend, my friend . . .

Science, falsely so called.

Need we wonder? Men who daily practice cruel vivisection horrors upon mute and helpless animals have but one short step to take. Men who have been nurtured at the breast of Evolution cannot be expected to draw fine distinctions.

And little lights that Love has lit go out, one by one, one by one . . .

Science forges the weapons of war. When human slaughter is on the agenda Science sits in the seat of honor. (It was ever so). In its laboratories Nature, violated, screams in agony and Science scribbles its weighty inferences, deductions, conclusions, hypotheses and proofs.

And little lights that Mercy lit go out, one by one, one by one . . .

Science forges the instruments of sickness, disease and Death. They must number millions by now to whom the apparition of Death is not a scythe but one garbed in white immaculate, hypodermic lifted very high. A suave and polished gentleman of Science, my friend, my friend . . .

And little lights that Truth has lit go out, one by one, one by one . . .

Tremble, tyrants! Shake, ye cruel of earth! For Justice rises from her long sleep and scans in wonder the scroll of wrong.

Will she awake?

Will the Sleeper judge? She will awake, O Earth. The Sleeper will judge, O Dead, when time stoops still to give account to her of every sorrowed hour.

Lift up your heads, O ye gates; and be ye lift up, ye everlasting doors; and the King of glory shall come in.

Who is this King of glory? The Lord strong and mighty, the Lord mighty in battle. Lift up your heads, O ye gates; even lift them up, ye everlasting doors; and the King of glory shall come in.

Who is this King of glory? The Lord of hosts, he is the King of glory.

(Psalm 24:7-10)

AND THAT is how it is, my friend, my friend . . .

GLENDALE LUNCHEON
GIVEN IN HONOR OF
30th WEDDING DAY

Mr. and Mrs. Frank Smith, 71 North Lima, were feted on their 30th wedding anniversary by a buffet luncheon at the home of their son and wife, Mr. and Mrs. William Stark, in Glendale. About 20 guests helped them celebrate, including Mr. and Mrs. Robert Chambers, Mr. and Mrs. L. W. Hunt, and Mr. Cleve Johnson, of Sierra Madre.

The main attraction was a two tier wedding cake decorated in yellow and green, as well as other cakes and refreshments. The couple received many cards and gifts, including a beautiful corsage of red roses presented Mrs. Smith.

The Smiths have lived in Sierra Madre since 1919, and at one time maintained a hotel and rest home here. He was born in Oregon, and she in

The service will be located at the same address, 23 South Lima and the telephone is the same.

If you drink, don't drive.

At the regular meeting of the Civic Club held at the Park House, Thursday, two cases of evaporated milk were donated to the Friendship Train by the Club. \$27.50 was made on the Food Sale held recently and it was voted that club members not donating food for future sales would be assessed \$1.00. There will be another Food Sale in January for the purpose of purchasing dishes and silverware.

Mrs. Charles Ruzzo asked for volunteers on her committees for the coming March of Dimes drive.

Mrs. Hutter will be the new Toyarian as Mrs. Lorna Little resigned the post because of sickness in her family.

Either the Saturday or Monday before Thanksgiving the Philanthropy Chairman, Mrs. Pat Bandy, will take volunteers to Olive View Sanitarium to entertain and give favors. Don Miller will be one of the entertainers. It was moved that the Club accept the Hastings Hospital as one of its projects, and it was also voted to form a Guild of the Children's Hospital within the Club, and start in a small way with the anticipation of later interesting other members of the community in the project.

A Christmas party will be given December 11th for the children of the club members at the Park House at 7 p. m. All members to bring gifts wrapped and marked for their own children.

The next meeting will be held at Mrs. Muriel McGarvin's house 800 Skyland Drive, November 25th. The meeting after that will be at Mrs. Robert Bettincourt's, 58 E. Carter on December 18th, and the members are asked to bring gifts for the club, such as ash trays, dish towels, etc.

The City Recreation Commission has thanked the Club for sponsoring of the Youth Dances at the Park House, and asked the Club to sponsor another. Mr. and Mrs. McGarvin will be chaperones.

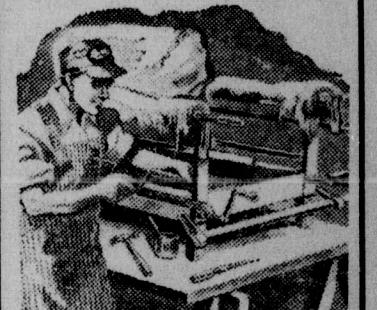

Mrs. LeRoy Toms and Mrs. Joseph Custer have been appointed Legislature Representatives and will attend the City Council meetings.

The Civic Club has voted to purchase two books of tickets for the Heifer Fund (for Europe) through the Mapha Club of Arcadia.

That all of the aforesaid work and improvement is to be constructed at the grades, along the lines, between the points, of the dimensions, at the places, and in the manner shown on the plans, profiles and detailed drawings for said improvement, designated "Plan No. C-171," consisting of Sheets numbered 1 to 127, both inclusive, and in accordance with the specifications therefor, which are designated "Specifications for Sanitary Sewer Improvements, Assessment District No. W-43." Said plans, profiles, drawings and specifications have been approved by the City Council of the City of Arcadia and are on file in the office of the City Clerk of the City of Arcadia, in the City Hall in said City of Arcadia, and reference is hereby made to said plans, profiles, drawings and specifications for a full and detailed description of said work and improvement and for a description of the grades at which the work is to be done.

Section 3. That in the opinion of this City Council the said contemplated work and improvement is of more than local or ordinary public benefit and this City Council hereby makes the expense of said work and improvement chargeable upon the district, which district this City Council hereby declares to be the district benefited by the said work and improvement and to be assessed to pay the cost and expense thereof. For a description of said district reference is hereby made to a plat or map of said district on file in the said office of the said City Clerk of the City of Arcadia designated "Map of Assessment District No. W-43," which map or plat indicates by a boundary line the extent of the territory included in the proposed district and shall govern for all details as to the extent of the assessment district.

Section 4. That the public interest and convenience require and in the opinion of this City Council the proposed work is of such a character that it directly and peculiarly affects property in unincorporated territory of the County of Los Angeles and in the Cities of Arcadia, Monrovia, Pasadena and Sierra Madre and that the proposed work is to be accomplished by the work can best be accomplished by a single comprehensive scheme of work and in the opinion of this City Council the lands in unincorporated territory of the County of Los Angeles included in the said assessment district will be benefited by the proposed work.

Section 5. That serial bonds bearing interest at the rate of six per cent (6%) per annum shall be issued to represent each assessment of twenty-five dollars (\$25.00) or over remaining unpaid for thirty (30) days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the next October 15th following their date. Said bonds are to be issued pursuant to and as provided in the "Improvement Act of 1911," Division 7 of the Streets and Highways Code of the State of California.

Section 6. The proposed work and improvement is to be done under and proceedings therefor are to be under and pursuant to the said "Improvement Act of 1911."

Section 7. Notice is hereby given that the 2nd day of December, 1947, at the hour of eight o'clock P. M. is the day and hour, and the Council Chambers of the City of Arcadia in the City Hall in the City of Arcadia is the place where any and all persons having any objection to the proposed work or improvement or to the extent of the assessment district, or to the proposed grades, may appear before the City Council of the City of Arcadia and show cause why said work should not be carried out in accordance with this resolution of intention. Protests must be in writing and must be delivered to the City Clerk of the City of Arcadia not later than the hour herein set for hearing objections.

Section 8. The ARCADIA TRIBUNE, a newspaper of general circulation, published and circulated in the City of Arcadia and in the County of Los Angeles, is hereby selected as the newspaper in which this resolution shall be published and, except when otherwise ordered by this City Council, in which all other publications in the proceedings pursuant to this resolution of intention shall be made. All notices in this proceeding shall also be published in THE SIERRA MADRE NEWS, a newspaper published and circulated in the County of Los Angeles. The City Clerk is hereby directed to publish this resolution in the manner provided by law.

Section 9. The City Clerk is directed to mail notices of the adoption of this resolution as provided in said act, postage prepaid, to all persons owning real property which is proposed to be assessed to pay

STATE OF CALIFORNIA
COUNTY OF LOS ANGELES ss:
CITY OF ARCADIA
I, W. C. BILLIG, City Clerk of the City of Arcadia, California, DO hereby certify that the foregoing resolution was duly adopted by the City Council of said City and was approved by the Mayor of said City at an adjourned regular meeting of said City Council held on the 10th day of November, 1947, and that it was so adopted by the following vote:
AYES: Councilmen Adcock, Leeper, Nugent, Ormsby and Russell.
NOES: None.
ABSENT: None.
W. C. BILLIG,
City Clerk of the City of Arcadia,
California.

TAXPAYERS
(Continued from last issue)

Following is the second and final installment of most frequently asked tax questions and the answers as given by County Tax Collector H. L. Byram following distribution of tax bills last week:

Q. I cleaned the lots myself they should not have charged me.

A. If your property is in the City of Los Angeles you should direct any question regarding weed tax to the City Lot Cleaning Division, City Hall. If property is in Los Angeles County, address the Weed Abatement Division, 234 Market Street, Los Angeles. For property in incorporated cities contact the City Clerk of that City.

Q. My lot is assessed at \$750

and \$750 exemption allowed, but you made a mistake and charged me \$8.50.

A. Exemption does not apply to taxes of certain special districts such as—lighting maintenance, flood control, weed tax, etc.

Q. I did not receive Veterans exemption on my bill this year. Please correct the bill as I was in the armed forces for four years.

A. It is now too late to apply for Veterans exemption. Claim must be filed each year before the 4th Monday in May. The bill must be paid as rendered.

Q. I am a veteran and I filed my request for Veterans exemption on my home for another piece of property. The party who purchased my home is not entitled to my exemption.

A. Property is assessed and exemptions allowed as of the 1st Monday in March. Subsequent changes in ownership do not effect the assessment for the current fiscal year.

Q. I have just received my tax bill and on it is a purple stamp "Sold for Taxes." What is the significance of this stamp?

A. Some portion of the tax for the fiscal year, ending with the date shown on the stamp, is delinquent, and the Redemption Division of the Tax Collector's office should be contacted to ascertain amount necessary to redeem.

Q. I purchased this property. Please change the name on the bill so I can pay it." is a frequent request.

A. The tax Collector cannot change the name on a tax bill. Such change must be made by the Assessor and request for same must be made between the 1st Monday in March and the last Monday in May. The taxpayer should check the legal description and if correct for the property which he owns, he should make payment of the bill as rendered, and file a statement next year to have the name changed.

Q. May remittances be mailed in?

A. Yes, but do not send cash through the mail. All remittances are sent at the risk of the sender. Payments should be made by money order, personal check, or bank checks. Receipts will be delayed about three weeks, and as long as six weeks during the rush periods. Please bear this in mind and do not write or call for receipts until this time has elapsed as all receipts are mailed as soon as possible. Always be sure to en-

close the entire bill when remitting. Do not tear stubs from the statement.

Q. What shall I do if my bill is not mailed to me on November 1st?

A. If bills are not received by November 10th, either call in person at the office of the County Tax Collector, or write to that office, 3rd Floor, Hall of Justice, Los Angeles, and request the bill. Be sure to give the complete legal description of the property. Requests for bills cannot be made over the telephone.

Q. I own property in Pasadena. Does my County tax bill include Pasadena City taxes?

A. If you own property in the following cities you will have two tax bills to pay each year, one to the City, and one to the County: Arcadia, Azusa, Long Beach, Pasadena and Whittier.

Q. Why was my personal property tax not included with real estate tax this year?

A. If no statement was filed the personal property would be assessed and billed separately and should have been paid prior to September 1st to avoid penalty.

Q. I am buying property from the State Department of Veterans' Affairs. What taxes do I have to pay?

A. If you are buying property from the State Department of Veterans' Affairs, you will have two tax bills each year to pay

on your property. The first will be an unsecured personal property bill based on your possessory interest in the property, due and payable between the first Monday of March and August 31st; the second will be for special taxes and assessments, to be paid in two installments, by December 5th and April 20th, respectively.

Q. I purchased this property in January of this year and my escrow statement showed that all taxes were paid to date. I have just received my current bill and find there is a delinquent second installment for last year. Why wasn't I notified when the installment was due?

Vivaldi's Concerto To Be Heard First In 200 Years

Mischa Mischakoff, violinist, concertmaster of the NBC Symphony Orchestra, will be featured with this orchestra under the able direction of Arturo Toscanini. He will offer Antonio Vivaldi's "Concerto for Violin and Strings in B Flat" which has not been played for 200 years. It has been edited from a collection of his manuscripts, which are in the National Library in Turin, Italy, and was recently published.

Vivaldi's works had not been catalogued, so it is not known when the Concerto was written, and though he has composed operas, motets, (sacred choral composition, usually without accompaniment) cantatas and much chamber music, he is best remembered for his violin concertos.

The rest of this splendid program will be devoted to entirely eighteenth century music, with the works of Bach and Handel.

FRIDAY, NOVEMBER 21

(8:00-10:00 p. m. KFAC) Concert features music of Debussy. Walter Gieseking, pianist, plays "Enfleur, Cathedral," "Children's Corner," "Evening in Granada," and "Reflections on the Water," besides many other Debussy selections.

SATURDAY, NOVEMBER 22

(3:30-4:30 p. m. KFAC) Toscanini and NBC Symphony Orchestra and Mischakoff, violinist in works of Vivaldi, Handel and Bach.

SUNDAY, NOVEMBER 23

(11:00-11:30 a. m. KFI) RCA Victor Show, Robert Merrill, baritone. Program features Schumann's "Dedication," and the Credo from "Otello" by Verdi. (5:00-6:00 p. m. KECA) Sunday evening Hour.

(6:30-7:30 p. m. KECA) Boston Symphony under Karl Krueger. (8:30-9:30 p. m. KFI) Standard Hour presents Los Angeles Philharmonic with conductor Alfred Wallenstein, in excerpts from Tchaikovsky's "Nutcracker Suite," and Lester Donahue, American pianist, plays Manuel De Falla's "Nights in the Gardens of Spain."

MONDAY, NOVEMBER 24

(4:00-5:00 p. m. KFAC) A Bach Tocatta and Fugue in C Major and selections of Mendelssohn and Ponchielli, on "Musical Masterpieces."

(5:30-6:00 p. m. KFI) "Voice of Firestone" doing March of Knights from Wagner's "Parsifal," and "Silent Worship" by Handel.

(9:00-9:30 p. m. KFI) "Telephone Hour" presents coloratura soprano Lily Pons as guest artist singing music of Strauss-La Forge, Friere and Rossini. Orchestra in works of Borodin, Drdla, and Paganini's "Perpetuum Mobile."

TUESDAY, NOVEMBER 25

(4:00-5:00 p. m. KFAC) Artur Rubinstein, pianist, plays Beethoven's "Pathétique Sonata."

POLICE BLOTTER

When a mechanic worked on his own car to build a frame for a cover, his use of an electric drill was objectionable. Some one must have been thinking of a dentist's drill. . . A new-comer is warned of the necessity of doing out door open turning at the right time and the right way. . . Another traffic accident with no one injured. How long can we escape without some one getting hurt or killed? Intersections are very dangerous to cross unless the driver looks, hesitates, or stops before entry. Depending on the other fellow will look out, is the chance that leads to dismay. . . "Limbs Across the Street!" (What kind of a limb was it, Fred?). Windstorms show limbs across the street. . . Encroaching on her property with his car and missing concrete blocks, brings a complaint to the "Copper's Corner" from an indignant resident. (Well, wouldn't it make you sore, too?) "Taint funny."

When Hi Embree arrived, a small baby possum was treed, while the dog squealed his head off. Hi reported that he rescued the dog from the baby possum and ended by saying "All quiet now." (Wonder what he did with the young possum. Meat is high. Hi, and we all know it.) . . Hi again gets a call to catch a prowler.

Dead animals, a cat at one address and a dead possum at another. (What's that we said about meat?) . . Boys with sling shots shoot too near windows to suit neighbors. Peelers must stop the fun. . . Cars blocking road near swimming pool. Too far out in road. Are cited. . . Big Bill Chunn awoke sleeping fireman Charlie Brown, to go with him to extinguish an open fire during the strong wind in the wee hours of the morning. . . Fires in incinerators were ordered "OUT," when the strong winds were prevalent. . . FIRE! FIRE! A defective incinerator allowed embers to escape and set fire to trash nearby.

Wire down! (Still windy). . . Another limb on the street. (If he had said sidewalk, we would have taken the camera.) . . A lady had trouble with her pilot. (The pilot was part of the gas heater, so don't get any ideas.) . . Two local boys borrowed a car to visit in another city. Had an accident there. (It always happens when you borrow something.) . . Officer Lewis and Joe Swanson are called out with the resuscitator. . . A stray and sick cat is called for by the cops. . . A missing watch is found. . . Destruction of the inside of the bath house in the Canyon by children whose parents live in the vicinity is cause for an investigation by the police. Parents will be held responsible for the damage done. Adults of the vicinity should make every effort to protect the property.

and he suffered shock. . . The elderly lady who is continuously perturbed and disturbed by the youth who play tennis at the school grounds calls regularly. Of course there is a possibility that some of this is unnecessary, but then at the same time, we DO know that tennis balls do go into her yard. One fine way to eliminate a lot of this trouble would be to have the wire fence raised to a greater height. (We would certainly save gasoline.) We cannot go further, have to save some for next week. THE WORLD NEWS IN PICTURES

FAR FROM THE MADDEN CROWD . . . In the back yard of his Uvalde, Tex., home, John Nance Garner, former vice president of the U. S., now sits placidly in the sun and shucks pecans.

BIT OF OLD CHINA . . . Authentic wedding dress, with an original headpiece from Peking embroidered with seed pearls, makes Virginia Lee look like an emperor's bride.

CHRISTMAS SEALS ARE A PART OF THE SEASON. YOUNGSTERS ARE SELLING THEM TO HELP IN THE TREATMENT, CARE AND PREVENTION OF TUBERCULOSIS AND RHEUMATIC FEVER.

GERMAN BISHOP . . . Bishop Friedrich Otto Dibelius, ranking Protestant minister of Berlin, paid a courtesy call on President Truman when he arrived in the U. S. to visit theological seminaries.

SPELUNKER . . . Mrs. Norma Lee Fisher, shown with son Freddy, 2, is Pittsburgh's only woman spelunker. A spelunker, by the way, is a member of the national spelological society, a group of cave hunters and explorers.

CONSERVATION EMBLEM . . . Charles Luckman, chairman of President Truman's citizens' food committee, admires the official emblem of the food conservation program. It depicts American eagle carrying food in a market basket.

A plant of her own will make any little girl happy. This sansevieria (commonly called mother-in-law's tongue) is easy to grow, and the "Daffy" container will amuse the entire family. The week of November 2-9 is National Flower Week. During that week take time to point out to your child the beauty of flowers. Give that child a chance to start caring for some plant by watering it and watching it grow.

STRETCH LUNCH MONEY BY SELF-HELP

LOS ANGELES—University Methodist Church here, which adjoins the campus of the University of Southern California, makes it possible, by providing kitchen and dining room facilities, for 65 students to eat a substantial, warm, noon meal for 35c.

The catch is that the young people prepare and serve their own food and wash their dishes. The duty roster calls for one hour's work per week. Last semester this U. S. C. Luncheon Cooperative declared a dividend to each member of nearly \$3. The Rev. Dr. Wendell L. Miller, minister of the church, is sponsor.

TURFDMOM'S TOM THUMB . . . Meet Jimmy Lane, the tiniest horse-man in the world. Jimmy, a native of Newmarket, England, weighs only 49 pounds and is so short that he has to be lifted on a mount when he works one out, as he often does.

GREECE ARMS AGAINST CHOLERA . . . As the death toll in Egypt mounts into the thousands as a result of the cholera epidemic sweeping that Middle East nation, Greece, fearful that the disease may spread to the north, is taking precautionary methods. The government, in cooperation with the Greek Red Cross, is providing anti-cholera inoculations free to the people in specially improvised centers. Shown here are some Athenians, eager to immunize themselves against the disease.

SURE I BELONG

Throughout the United States millions of school children like Paul Foley of Arlington, Va., will join the American Junior Red Cross during its annual enrollment period, Nov. 1-15. Even Paul's pet Collie is interested.

ANOTHER DECORATION . . . Gen. "Hap" Arnold, retired chief of army air forces, received a new decoration, this one from the Chinese government for achievement in military aviation.

Model Queen

Conventress Jean Olson, Patricia Stevens model, is one of the 100 models making it's title of "Model of the Year" to be chosen at the annual Artists, Models and Photographers Ball at the Hollywood Athletic Club, Nov. 21.

DESTRUCTIVE BALL GAME . . . The engineer at the controls of this giant crane has to keep his eye on the ball, literally. The pellet he is swinging, a two-ton steel sphere suspended from a 120-foot boom, is being used to demolish a building in the vicinity of New York's East river where a site is being cleared for construction of the United Nations world capital.

FOOD CRISIS WILL LAST THROUGH 1949 . . . Sir John Boyd Orr, director general of the U. N. food and agriculture organization, warned that the world food crisis will last through 1949, and that "long continued hunger in wide areas will result in increasing social and political unrest." With him in the photo are Lord Bruce of Australia (center), chairman of the U. N. food council, and U. S. Undersecretary of Agriculture Norris E. Dodd.
